

Instruction sheet for set # 3.4108

67-72 Chevy pickup 2WD (1/2 Ton)

Note: It is recommended that this set be professionally installed if you are unfamiliar with this type of work, and a factory service manual be purchased prior to performing any work on your vehicle for proper disassembly, reassembly and torque specs. These instructions are intended for bushing removal and install of Energy Suspension polyurethane bushings, once you have removed the factory component from your vehicle.

May not be reproduced, in any form, or by any means,
without the written consent of Energy Suspension.

NOTE: When disassembling the body mounts, be sure to note the number and position of shims that may have been used to align the body. These shims will have to be reused to retain proper body alignment.

CAUTION: Remove all the body mount bolts on one side of the vehicle. Loosen but do not remove all the body mount bolts on the opposite side of the vehicle. Only raise one side of the vehicle at a time, lifting the body only high enough to remove/replace the mounts. Always watch the fan shroud, brake lines, and various hoses for sufficient clearance when raising the body. When jacking the body, use a 2x4 or equivalent to spread the weight. Never place jack faces directly on body panels! When all mounts and hardware are installed, torque all bolts to factory specifications.

It is recommended that a factory service manual be purchased prior to performing any work on your car or truck.

Parts Diagram

Must reuse original hardware
(When specified)

Position # 1
With 1.150" I.D. in frame.

1. Core -support.
2. Supplied washer P/N 15.03.07.39. (2-1/2" O.D. x 7/16" I.D. x 1/8")
3. Supplied sleeve P/N 15.10.321.39. (3/4" O.D. x 1/2" I.D. x 1-1/2" lg.)
4. 4209 Top bushing.
5. Frame.
6. 4210 Lower bushing.
7. Supplied washer P/N 15.03.09.39. (2" O.D. x 7/16" I.D. x 1/8")

Position #2

1. Body.
2. Factory washer with square insert.
3. Supplied sleeve P/N 15.10.62.39. (7/8" O.D. x 11/16" I.D. x 2.2" Lg.)
4. 4059 Top bushing.
5. Frame.
6. 4011 Lower bushing.
7. Factory washer.

Position #3

1. Body.
2. Factory washer.
3. Supplied sleeve P/N 15.10.15.39. (7/8" O.D. x 11/16" I.D. x 2.3" Lg.)
4. 4010 Top bushing.
5. Frame.
6. 4011 Lower bushing.
7. Supplied washer P/N 15.03.09.39. (2" O.D. x 7/16" I.D. x 1/8")
