## PERFORMANCE TECHNICAL REPORT

Subject:	Temperature Reductions from HPC H-series (HiPerCoat®) on a 1996 Ford Falcon
Date:	November 1996
Author:	HPC Engineer

Testing was conducted on various underhood components to determine the temperature reduction attained from coating exhaust headers with HPC H-series (HiPerCoat®). Tests were conducted on a 1996 Ford Falcon (Australian built) with a V8 engine.
